

D 6.1 Workshop on Integrated QIPC

The workshop on integrated QIPC will take place on 23-27. September 2013 in Corfu. It will be hosted by the Corfu Summer Institute. The registration has been organized and is accessible via the project website <http://www.iqit-research.eu> . We have invited several speakers. The following speakers are able to come: Oleg Astafiev (NEC Japan), Alexandre Blais (Université de Sherbrooke, Canada), Daniel Esteve (CEA Saclay, France), Jason Petta (Princeton University, USA), Jörg Schmiedmayer (Vienna University, Austria), Mika Sillanpää (Aalto University, Finland), Enrique Solano (University of the Basque Country, Bilbao, Spain), Jake Taylor (University of Maryland, USA), David Vitali (University Camerino, Italy). Accommodation and catering have been organized as well as projectors and possibilities to present posters. After the end of registration we will create detailed scientific program, the participants list, name tags and an information folder for each participant.
