## Executive summary

This deliverable is part of WP6: dissemination of the project. This second newsletter was distributed to procurers active in the field of Personal Protective Equipment. We used the layout from the previous newsletter as a basis. This newsletter was specifically made to invite procurers to the Enprotex/Smart@Fire conference, which was held December 11<sup>th</sup> & 12<sup>th</sup>. This was a perfect opportunity to highlight the Smart@Fire project to a large group of stakeholders in the field of personal protective equipment (PPE). It was sent out in November 2013.

## 1 Topic of the newsletter

This second newsletter was specifically targeted to invite procurers from all over Europe to participate in the third Enprotex/Smart@Fire conference with the theme 'Meet the Procurers'. IBZ provided us with the necessary information and agenda which needed to be included.

As previously stated in this deliverable, the newsletter was targeted to procurers to participate in the conference. Besides the actual conference, a round table session was also foreseen. Here, about 15 procurers from different European member states discussed the future scope of the Smart@Fire project and possible participation.

The layout of this newsletter was based on that of the previous one, to stay in line with the distinctive look and feel of the previous newsletter.

## 2 The actual mailing

In November 2013 the newsletter was mailed out to a list of contacts that were provided to us by IBZ, and who were deemed interesting to participate in the Enprotex/Smart@Fire conference. The list consisted of about 200 European procurers and a EU working group (73 contacts). At this conference there were companies present from all over the world who are active in the field of PPE & PPS, along with fire brigade commanders from all over the world.

### 2.1 List of procurers

See attachment: list of procurers as provided by IBZ.

**NEWSLETTER 2**

**smart@fire**

**SMART PERSONAL PROTECTIVE SYSTEMS BY 2015**

**AS A PROCURER, DO YOU WANT TO PARTICIPATE IN A UNIQUE EUROPEAN PROJECT?**

**3<sup>RD</sup> ENPROTEX/SMART@FIRE CONFERENCE 'MEET THE PROCURERS'**

**DO NOT MISS THIS OPPORTUNITY TO PARTICIPATE!**

We have the pleasure of inviting you to participate in the third Enprotex/Smart@fire conference, with the theme 'meet the procurers'. During this conference, you will be able to gain a more in-depth knowledge of personal protective equipment and protective textiles. There will also be a thorough explanation of the Smart@fire project and how you can participate. This is a unique networking opportunity: public procurers, the protective textile industry, the academic world, notified bodies and end users can exchange views and establish contacts.

**AGENDA**  
The conference will consist of three parts. The official opening of the conference is on December 11<sup>th</sup> at 13h.

- **Session 1:** Technical session. 11/12  
Presentation of existing and new standards, test methods and technologies in the field of personal protective equipment, and a presentation on the Smart@fire project.
- **Session 2:** Procurers round table. 11/12  
Learn how you can participate in the project & discuss your further involvement and input to the Smart@fire project with the other attendees. **Followed by a reception and gala dinner.**
- **Session 3:** New procurement strategies & an overview of current and future projects in the field of protective textiles. 12/12

**PRACTICAL INFORMATION**
