## Cassting website project

### a. Cassting visual identity & logo

Cassting project has a visual identity applying to Cassting logo and communication media: website, newsletter, presentations, headed paper, flyer & deliverables. Cassting kit media is available on the Cassting Intranet and should be used by all partners.

A typography (choice of font: style, colour, size) and a design have been chosen. They can be found on all of its documents.

Visual identity colours:	Cassting Logo colours:
Dark purple: #B190F9 or 177, 144, 249 (RGB)	Gray: #C0C0C0 or 192,192,192 (RGB)
Light purple: # E1D8F9 or 225, 216, 249 (RGB)	Dark brown: #663300 or 102, 51, 0 (RGB)
Dark blue: #191970 or 25, 25, 112 (RGB)	Dark blue: #191970 or 25, 25, 112 (RGB)
Dark brown: #663300 or 102, 51, 0 (RGB)	Yellow: #FFFF00 or 255, 255, 0 (RGB)
	White: #FFFFFF or 255, 255, 255 (RGB)
	Pink: #D70060 or 215, 0, 96 (RGB)
	Green: #32742C or 50, 116, 44 (RGB)
	Orange: #FF5F00 or 255, 95, 0 (RGB)

**Logo colours choice:** some colours are the same colours as those used for FoCAS. To remember their links.

**Creation of Cassting logo:** remind the game theory used in the project - in particular the non-zero-sum games. It represents a plateau game with seven pawns that interact with each other to achieve their optimal strategies. This is an image to describe a complex system. The seven pieces can also symbolize the cooperation between the Cassting partners.

# Cassting

### b. Public website & Intranet

The Cassting project has registered a .eu domain for its website. The Cassting website is entirely dedicated to the project, opened to scientific and industrial communities, and even further to a larger public: <http://www.cassting-project.eu/>

The website will be opened with two functional levels: as an infrastructure for external communication, and as a platform for internal exchanges of data and results.

After the end of the project, the website will be kept available and updated for at least two years.

## 1. The public website will provide information on:

- The project's objectives and the stakeholders in order to highlight contributions provided by the partners to the project;
- The news and announcements of major events carried out during the project;
- The progress on Cassting results;
- The publications;
- The research projects and teams working on the same scientific area in order to promote collaborations within the project.

### NEWS

**CASSTING members attended the first FoCAS Inter-project meeting**

Barcelona, June 2013

hosted by FoCAS project Swarm Organ at the Centre for Genomics Research

### COLLECTIVE ADAPTATIVE SYSTEMS SYNTHESIS WITH NON-ZERO-SUM GAMES

**CASSTING** is a European research project funded by the European Commission under the framework programme 7 for Information and Communication Technology. It involves CNRS (France), Université de Mons (Belgium), Université Libre de Bruxelles (Belgium), RWTH Aachen (Germany) and Aalborg Universitet (Denmark) as academic partners, and Seluxit (Denmark) and Energi Nord (Denmark) as industrial partners.

CASSTING is part of the **FoCAS** collaborative action, a Future and Emerging Technologies Proactive Initiative funded by the European Commission under FP7.

### CONCUR 2013: Concurrency Theory

27th - 30th August 2013  
University of Buenos Aires  
Buenos Aires, Argentina  
[More information](#)

### FORMATS 2013: Formal Modeling & Analysis of Timed Systems

29th - 31th August. 2013

## 2. The Intranet will provide information on:

- Reference documents;
- Kit media;
- Reports of Consortium meeting;
- The accurate schedule of the project: internal meetings, visits between partners and new collaborators.

### c. Physical Infrastructure

Concept: enable visibility and quick access to informations

Two header menus: main menu & one secondary

Three columns: a main column with each page; two fixed columns with the news & events (left & right)

Header: Cassting logo

Footer: EU logos

### Public website content

#### a. Project introduction (topic, objectives, workpackages)

It contains a project description: main goals, approach, workpackages, expected impacts, Cassting flyer.

#### b. Consortium presentation *cf. annexes*

Presentation of the 7 Cassting partners: organisations, main tasks & key staff members involved.

### c. Cassting Outcomes (publications, deliverables, materials)

The complete set of Cassting publications will be held and made accessible freely via the Cassting website. Also open access to all scientific results will be guaranteed by placing these publications on the OpenAIRE ([www.openaire.eu](http://www.openaire.eu)) website.

**Dissemination of Cassting results obtained during the project:**

- **Towards the scientific community:** All academic partners will strive to publish the results obtained during the project in the most famous international conferences and journals.
- **To general public:** The technical content will be made understandable to the public at large, e.g. using general public platforms such as YouTube to broadcast videos of our demonstrators at work.

A section on the website will be devoted to educational material (at different levels) related to the topics of the project. The Cassting partners will design high-quality material (courses, tutorials, ...) presenting the results of the projects.

The screenshot shows a web browser displaying the Cassting website. The browser's address bar shows the URL [www.cassting-project.eu/list-of-publications/](http://www.cassting-project.eu/list-of-publications/). The website features a navigation menu with tabs for PROJECT, CONSORTIUM, PUBLICATIONS (selected), EVENTS, NETWORK, MEDIA, MULTIMEDIA, and MATERIALS. The main content area is divided into three columns. The left column has a 'NEWS' section with a headline: 'CASSTING members attended the first FoCAS Inter-project meeting' in Barcelona, June 2013, accompanied by a photo of a meeting. The middle column is titled 'List of publications' and contains three entries: [3] Robust Weighted Timed Automata and Games, [2] Robust Controller Synthesis in Timed Automata, and [1] Satisfiability of ATL with strategy contexts. The right column contains two event announcements: 'CONCUR 2013: Concurrency Theory' (27th-30th August 2013) and 'FORMATS 2013: Formal Modeling & Analysis of Timed Systems' (29th-31st August, 2013).

### d. Key events during the project (archives, pictures, videos)

Programmes, details, summaries, pictures, videos of key events during the project: Consortium Meetings, International Conferences, Colloquium, FoCAS events, Seminars, Workshops...

*cf. annexs*

**e. Communication about Cassting (pressrelease, press, Cassting newsletter, interview)**

All communication about the progress, results, events of Cassting project.

**f. Cassting Network (UE, FoCAS, other projects)**

**Contacts and cooperations with other projects in the field**

European Union: FP7, Cordis

FET Initiatives

FoCAS: Coordination action within the Proactive Initiative on "Fundamentals of Collective Adaptive Systems"

Cross-project collaborations on the topics of the project.

**g. Homepage: News & announcement of next events, intranet access, contacts, mailing lists**

Easy & quick access to any current information about the project

Contacts & mailing lists: simple to find

**Intranet content**

**a. Reference documents *cf. annex***

The most important documents useful for the implementation of the Cassting project : Grant Preparation Forms, Grant Agreement, Consortium Agreement, Cassting Budget.

**b. Minutes of Cassting Meetings**

All reports, minutes & presentations of Consortium meetings & Governing Board Meetings.

**c. Kit Media Cassting *cf. annex***

Partners can download the kit media of the Cassting project: logos, presentations, deliverables, headed paper...

**d. Workpackages, Deliverables & Milestones**

All detailed informations about workpackages, deliverables & milestones.

**e. Overview of partners meetings**

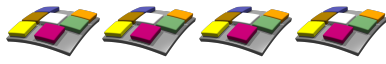

Inter-project research visits and joint activities

Collaborative work between partners

**f. Homepage: save the dates, next deadlines & deliverables, public website access**

Reminder of deadlines & keys events  
Access to new deliverables & to public website

***Regular website updates***

**a. Thanks to partners contributions**

The European Project Manager (EPM) will regularly update the website thanks to partners' contributions and ideas etc.

**b. Publication of Cassting binannual newsletter**

A biannual newsletter on the website will inform about the project's progress. Each partner will send every six months a short abstract of the state of his research, his contributions & his activities links to the project. The newsletter will announce next important events in the same field of the project (like FOCAS) and illustrate the project (pictures, schema...).

**c. Followed European news (Horizon 2020, Cordis news)**

In general, the website will relay the European news concerning ICT - FET (Information and Communication Technologies / Future and Emerging Technologies).

Partners also may find on the public website informations regarding the implementation of the future program: Horizon 2020.

## Public website

The screenshot shows the website for the CASSTING project, specifically the page for the CNRS consortium. The browser address bar shows [www.cassting-project.eu/lab-specification-verification/](http://www.cassting-project.eu/lab-specification-verification/). The navigation menu includes PROJECT, CONSORTIUM, PUBLICATIONS, EVENTS, NETWORK, MEDIA, MULTIMEDIA, and MATERIALS. The main content area features the CNRS logo and a description of the Centre National de la Recherche Scientifique. It also includes a section for 'Key staff members' featuring Dr. Nicolas Markey, and a list of events such as CONCUR 2013 and FORMATS 2013. On the left sidebar, there are sections for NEWS, CASSTING members, INTERVIEW, and a photo of a meeting.

The screenshot shows the website for the CASSTING project, specifically the page for the Université de Mons consortium. The browser address bar shows [www.cassting-project.eu/universite-de-mons/](http://www.cassting-project.eu/universite-de-mons/). The navigation menu is the same as the previous page. The main content area features the Université de Mons logo and a description of the university. It also includes a section for 'Key staff members' featuring a photo of a staff member, and a list of events such as CONCUR 2013 and FORMATS 2013. On the left sidebar, there are sections for NEWS, CASSTING members, INTERVIEW, and a photo of a meeting. A dropdown menu is visible over the main content area, listing various consortium members.

**CASSTING KICK-OFF MEETING**

**11th – 12th April 2013**

**Paris**

The meeting took place in Amphithéâtre Alan Turing, located at level -1 of Building Sophie Germain, at University Paris-Diderot.

**Programme**

The programme included presentations from the partners and a presentation of the project. It also featured technical talks. Below is the schedule.

Thursday	
10:00 – 10:30	Coffee
10:30 – 11:00	Nicolas Markey: Presentation of the project*
11:00 – 12:30	Presentation of partners (CNRS, ULB, UMONS, AAU+ENORD, AACHEN, SELUXIT)
12:30 – 14:00	Lunch (at Paris-Milán, 11 rue Elsa Morante)
14:00 – 15:00	Thomas Brihaye: <i>Solution concepts from classical game theory and beyond</i>

## Intranet

The screenshot shows the 'Grant Agreement' page on the Cassting intranet. The browser address bar is 'intranet.cassting-project.eu/grant-agreement/'. The page features the Cassting logo (a 3D grid of colored squares) and the text 'Cassting intranet'. A navigation menu includes 'REFERENCE DOCUMENTS', 'CONSORTIUM MEETINGS', 'KIT MEDIA CASSTING', 'WORPACKAGES', and 'PARTNERS'. The 'REFERENCE DOCUMENTS' section is active, listing 'Grant Agreement', 'Consortium Agreement', and 'CASSTING Budget'. The 'Grant Agreement' section is expanded, showing a description: 'The core contract (scanned copy of the signed version), the forms A (scanned copy of the signed version), the Annex 1 (Document of Work)'. It includes links for 'Grant Agreement', 'Form A', and 'Description of Work'. On the right, 'NEXT DEADLINES' lists '30/09/2013' for 'D4.1 Description of case studies' and 'DELIVERABLES' lists 'D5.1 CASSTING Website Forthcoming' and 'D6.1 Minutes of the Kick-Off Meeting' due on '30/04/2013'.

The screenshot shows the 'Logos' page on the Cassting intranet. The browser address bar is 'intranet.cassting-project.eu/logos/'. The navigation menu is the same as in the previous screenshot, but 'KIT MEDIA CASSTING' is now selected. The main content area features the Cassting logo and the text: 'Use the CASSTING logo for all communication and dissemination within the project'. Below this is another image of the 3D grid logo. At the bottom, a small text block states: 'All publications or any other dissemination relating to foreground shall include the following statement to indicate that said foreground was...'. On the left, 'SAVE THE DATES' lists several events: 'CONCUR 2013' (27th-30th August 2013, University of Buenos Aires), 'FORMATS 2013' (29th-31st August 2013, Buenos Aires), 'GandALF 2013' (29th-31st August 2013, Borca di Cadore), '1st FoCAS Workshop on Fundamentals of Collective Systems' (2nd September 2013, Taormina), and '2nd CASSTING MEETING' (30th Sept. & 1st Oct. 2013, Aalborg). On the right, 'NEXT DEADLINES' and 'DELIVERABLES' are identical to the previous screenshot.
