

The screenshot shows the Oppla community website interface. At the top left is the Oppla logo, a teal circle with a white speech bubble. To its right are social media icons for email, Twitter, LinkedIn, and YouTube, followed by a search bar with the text "Search...". Below these are buttons for "ASK", "MY ACCOUNT" (with a person icon), and "LOG OUT" (with a key icon). A banner below the navigation indicates "Beta version 1.0 (in development)". The main navigation bar includes "HOME", "ASK OPPLA", "MARKETPLACE", "COMMUNITY" (highlighted in teal), "ABOUT", and "CONTACT".

The "Community" section features a large red heading "Community" and a search bar "Search the community...". On the left side, there is a "FIND MY MATCH" button and a "KEYWORDS" section. The "KEYWORDS" section includes the text "Choose keywords from the menus below to search the Oppla community - then click 'Apply' to view your results." and five filter buttons: "Ecosystems", "Implementation", "Methods", "Regions", and "Topics", each with an upward arrow. Below these are "RESET" and "APPLY" buttons. At the bottom left of the community section is a "FILTERS" button with an upward arrow.

The main content area displays a grid of user profiles. Each profile card includes a username, a circular profile picture (or a placeholder icon), and a "MORE" button. The visible profiles are:

- o.roig**: olga ROIG-HERRERA, CREAM, spain
- charlotte.verburg**: charlotte verburg, University of Twente, netherlands
- jmweeks**: Jason Weeks, JNCC, UK
- barry.lovern**: Barry Lovern, United Kingdom
- giacomocozzolino**
- Cristina_MB**
