Technical visit 4 February 2016 - Invitation (Civil Protection, Fire Brigade, Police Force and Emergency Health)

Other photographs from various events

The screenshot shows a web browser window displaying a PDF report. The browser's address bar shows the URL: ec.europa.eu/echo/sites/echo-site/files/cp_forum_2015_final_report.pdf#view=fit. The report header features the text: **European Civil Protection Forum 2015**, **6-7 May | Brussels**, and **Partnership and Innovation**. The page is identified as "Page 14 of 47".

The main content of the page is titled **PANEL 3 EMPOWERING RESILIENT CITIZENS** with the subtitle *Developing a Culture of Safety and Resilience*. The text describes the panel's focus on preparing citizens for disasters and mentions the inclusion of resilience education in primary schools and support for targeted advice.

Below the text, there are two photographs: one showing a man speaking at a podium and another showing a group of people seated at a table during a discussion.

The screenshot shows a Microsoft Word document titled "Pop-AlertFinalReport2016V2 [Compatibility Mode] - Microsoft Word". The document's content area contains an embedded YouTube video player. The video player shows a video titled "POP ALERT - Pilot Project Lisbon 05.02.2016" with the URL <https://www.youtube.com/watch?v=sw4zwztiBfA>. The video player interface includes a search bar, a play button, and a progress bar showing 0:02 / 6:20. The video player also displays the channel name "FP7 POP-ALERT Project www.pop-alert.eu" and the view count "294 visualizações".
